Dear,

Effective August 1, 2009, Spartech Plastics will increase the selling price of all sheet products utilizing Korad and Acrylloy Acrylic Films by \$0.01 per square foot. This increase is in addition to previously announced and implemented price increases. This price adjustment is being driven by rising raw material costs.

We understand the difficulties that our customers face daily as a result of this unprecedented economic downturn. As a responsible supplier, Spartech has taken the necessary actions to control our costs.

Your account manager will be in contact with you to discuss this increase and address any questions you may have.

We appreciate your continued business.

Sincerely,

Gary Orenstein
Sales Manager – Central Region
