Dear Customer:

Effective August 3, 2009, Spartech Plastics will implement a price increase for all ABS products by \$0.07 per pound.

This price increase is in addition to the \$0.05 per pound increase announced for May 18, 2009 and the \$0.05 per pound increase effective June 15, 2009.

Continued escalation in the costs of several raw materials used to manufacture ABS resin is driving this current inflationary environment.

Your Spartech Account Manager is available to answer any questions you may have and discuss further details concerning these increases.

Thank you for your interest in Spartech products.

Sincerely,

Gary Orenstein
Sales Manager – Central Region
