

Spartech

Packaging Technologies

June 10, 2009

Dear Customer,

Effective with shipments on July 1, 2009 Spartech is raising the price on all polystyrene products by \$0.05 per pound.

This price increase is in addition to the \$0.03 per pound increase announced for June 1, 2009. Benzene prices, which are indirectly driven by crude oil and natural gas prices, are a major contributor.

Your Spartech account manager will be in contact with you to answer any questions you may have.

Thank you for your business, especially in this tough economic climate. We appreciate your loyalty and support.

Sincerely,

David J. Gorenc
Vice President
