

October 22, 2009

Dear Customer,

Effective with shipments on November 1, 2009, Spartech is raising the price on all polystyrene products by \$0.03 per pound.

Market volatility continues, with rising crude oil prices driving up prices for many of the raw materials used in the production of polystyrene.

Your Spartech account manager will be in contact with you to answer any questions you may have. Thank you for your business, especially in this tough economic climate. We appreciate your loyalty and support.

Sincerely,

David J. Gorenc

Vice President
