

June 30, 2008

Dear Customer,

Effective with shipments on July 15, 2008 Spartech is raising the price on all polystyrene products by \$0.09 cents per pound. This increase is in addition to all previously published increases.

The availability of butadiene continues to be very tight and, thus, the allocations that have been announced by all polystyrene suppliers remain in place and there are no current signs of relief. To maximize our ability to plan, please place your orders as far in advance as possible.

Thank you for your support and for your patience as we work through this stressful cost environment. We truly appreciate your business.

Sincerely,

A handwritten signature in black ink, appearing to read "David J. Gorenc".

David J. Gorenc

Vice President
