RE: Korad & Acrylloy Acrylic Film Price Increase

Korad & Acrylloy Acrylic Film Customer,

Effective August 1, 2009, Spartech PEP will increase the selling price of all Korad & Acrylloy Film products by \$.25 per lb. This increase equates to approximately ½ cent per square foot. This increase is in addition to previously announced and implemented price increases for Korad & Acrylloy Acrylic Films. This increase is being driven by rising raw material costs.

We understand the difficulties that our customers face daily as a result of this unprecedented economic downturn. As a responsible supplier, Spartech has taken the necessary actions to control our costs.

Your Spartech PEP account manager will be in contact with you to discuss this increase and address any questions you may have.

We appreciate your continued business.

Sincerely,

Joe Herres  
National Sales Manager
