

SHAPING THE FUTURE OF BUILDING AND CONSTRUCTION PLASTICS

THROUGH MATERIAL STRENGTH
AND APPLICATION EXPERTISE

NO MATTER WHAT YOU'RE BUILDING, YOU CAN BUILD IT TO YOUR EXACT SPECS WITH SPARTECH.

Spartech is making a world of difference in the building and construction industry with the exact materials and expertise you require. We offer custom material and process development, proprietary formulations and adherence to strict quality standards. Our collaborative approach to solving technical challenges is backed by 50+ years of proven plastics expertise for showers, baths, decking, siding, HVAC, bullet resistant transparencies and so many other applications.

Spartech gives you the required performance, durability, colors and textures while supporting your project with our global footprint, technical expertise and supply chain reliability. This is how we built a solid reputation in the building and construction industry.

GLAZING

Feel secure in selecting Polycast® bullet resistant transparencies, proven in environments where personal protection is a must. Our Polycarbonate, PETG and Acrylic material options are ideal for separating and securing environments in restaurants and grocery stores.

- **Bullet resistant transparencies and forced entry protective glazing:** Polycast®
- **Transparent fencing, pool windows and custom aquariums:** Polycast®
- **Separation materials:** Polycast®, Duragard® Polycarbonate, UltraTuf® PETG, and Zycryl™ Acrylic

SANITARYWARE

Spartech's performance and appearance engineered plastics substrates for baths and kitchens provide durability and aesthetic appeal. Your building project will have the right material, texture and color – all at the right price and delivered to meet your exact timelines.

- **Baths:** AquaPro™, SurfaceChoice®, Acrylloy™, Korad®, ABS, HIPS, High Gloss HIPS
- **Kitchens:** SurfaceChoice®, Acrylloy, Korad™
- **Grab bars for bath and shower:** Polycast® acrylic rod

INTERIOR ARCHITECTURAL COMPONENTS

From floors and walls to furniture, we have the plastic materials that look great, provide durability and are competitively priced. Some of our most popular plastic substrates are also used in pipe wrap systems and duct work for sound abatement.

- **Laminates for floors, ceilings, walls, furniture, window/door profiles:** Acrylloy™, SurfaceChoice®, Korad®, and printed PVC, paper and PET films
- **Clean rooms:** Royalite® G50, R52, SurfaceChoice®, Calendered PVC and other films
- **Sound reduction wrap for air compressors, A/C, duct work:** Sound-X™, Sound-X™ 100
- **Oil/natural gas industry sound reduction pipe wrap:** Sound-X™, Sound-X™ 100
- **Noise reduction for workplaces, venues, hotels, residences:** Sound-X™, Sound-X™ 100
- **Lighting, furniture:** Polycast® acrylic rod and tube, Zycryl™, PETG, polycarbonate
- **Mine shaft ventilation, custom ductwork:** Royalite® R39 FR-HDPE
- **Protective wall covering for high-abuse environments:** Royalite® R49/52, R52, G50

EXTERIOR ARCHITECTURAL COMPONENTS

Our plastic sheet and film formulations are proven to withstand years of outdoor weathering without fading. These low maintenance plastics replicate the look and feel of real wood or metal in a variety of color choices including bold, dark colors at the costs you require.

- **Siding, exterior trim, windows, doors:** SurfaceChoice®, WeatherPro™ high performance ABS
- **Fence, deck, rail:** Korad®, Royalite® R-89, SurfaceChoice®, other films/laminates
- **Skylights:** Tuf-Glas™ modified acrylic, UltraTuf® UV, SunGard® polycarbonate, and Polycast® SUVT cell cast acrylic sheet

We are a leading building and construction plastics manufacturer that leverages our knowledge of materials, processing, and application development to deliver the highest level of value to our customers.
