

Spartech's PolyPrime™ line of products offers many unique brands for a variety of applications. Primo™ is a premium material offering superior ink receptivity, making it an ideal choice for numerous printed product applications. Our Primo™ plastic sheet is stronger and stiffer with better tensile strength. It is the perfect alternative to Rigid PVC with better performance characteristics and is environmentally friendly.

**BENEFITS**

- Lower cost & weight than Rigid PVC
- Offers superior ink receptivity
- Durable and stiffer with better tensile strength
- Excellent dimensional stability
- Strong resistance to environmental stress cracking
- Material die-cuts well
- Recyclable - #5 plastic

**APPLICATIONS**

- Indoor banners
- Signage
- Menus
- Packaging
- Point of Sale Displays
- Horticultural plant tags
- Tags
